Ndanda Mission School

Hello from Ringwood School!

On the 10th of July 2008, Year 9 participated in "Eco Day". We were all split into groups. Our group were appointed to make a box and pack it with recycled tools to send to you. Our students were very busy all afternoon making the box from scratch to ship the tools in. We have been working on behalf of the Tools for Self Reliance organisation. 76 tools have been put in the box to make your job just that bit easier.

This has been a great team building exercise for our Year 9 students and has helped educate us on programs we didn't even know existed. Who would've thought that the tools sitting in our shed gathering dust could really help someone with their future career! People in the United Kingdom often take their tools for granted. Tools for Self Reliance help to put unused tools to a better use.

Ringwood School hopes you will enjoy these tools and hopes they will help someone. We have really enjoyed making and packing the box knowing that they are going to a better home.

Sincerely,

Year 9
